

Plant A Santa

F Dm Bb C
Christmas time is a time for joy and celebration
A Dm Bb C
But the joy that's mine I find in exterior decoration

F C7 F C7 F
So Plant a Santa on your front lawn grow a little merry tonight
F D7 G7 C7
Put a St. Nick on a sharp stick, start the holiday right
F F7 Bb G7
Put a Rudolph in your window with his red nose shining bright
F D7 G7 C7 F
Plant a Santa on your front lawn, grow a little merry tonight

F C7 F C7 F
Put a red sled on your rooftop spread a little holiday cheer
F D7 G7 C7
When you hear the hoofs stop, Christmastime is near
F F7 Bb G7
Hang an angel from a halo underneath the front porch light
F D7 G7 C7 F
Plant a Santa on your front lawn, grow a little merry tonight

A Dm
I put some elves in a rubber bucket and I hung 'em from the old oak tree
G7 C
Late at night it's kinda creepy when they're starin' down at me oh..
A Dm
Later on when the lights are low I'll have a little nip or two
G7 C7
Holler out "Merry Christmas, Happy New Year to You"
F C7 F C7 F
So plant a Santa on your front lawn, grow a little merry tonight

Instrumental break (verse)

A Dm
I put some elves in a rubber bucket and I hung 'em from the old oak tree
G7 C C7
Late at night it's kinda creepy when they're starin' down at me oh..
A Dm
If you want to celebrate the best way that I've found
G7 C7
Go and buy that chubby little guy and stick him in the ground

Back to top, repeat first verse, end by playing last line 2X
